HOW TO CLEAN YOUR PUPPY EARS

WHAT YOU WILL NEED:

- Ear cleaner: use a good quality ear cleaner
- Cotton balls
- Treats

STEP-BY-STEP PROCESS:

EAR CLEANING CAN BE A MESSY JOB, SO FIND SOMEWHERE IN THE HOUSE THAT IS EASY TO CLEAN UP

1. Give your pet a treat for sitting and show him the ear cleaner
2. Gently hold the flap of the ear upright and fill the ear canal with ear cleaner, direct the tube vertically downwards
3. Keep ahold of the ear and move your hand down to where the ear meets the head
4. Massage at the base of the ear, aiming to mix the ear cleaner around within the ear canal. You should hear a squelchy noise if you are doing this correctly.
5. After you have massaged the ear for 20 seconds, stand back and let go of the ear
6. Your dog should now vigorously shake his head
7. Grab some cotton balls and use them to wipe out the folds at the opening of the ear canal until it looks clean.
8. Give you r dog a treat and repeat with the other ear.
